

9th INMM/ESARDA/INMM-Japan Joint Workshop

Tokyo, Japan

7-10 October 2019

The Institute of Nuclear Materials Management (INMM), the European Safeguards Research and Development Association (ESARDA), and the INMM Japan Chapter are pleased to announce the workshop: Future Challenges for the Enhancement of International Safeguards and Nuclear Security. This is the ninth joint workshop with INMM and ESARDA and the third joint workshop in Tokyo, Japan. Extended abstracts are due on 31 August 2019; see below for details.

Workshop Program

The program will feature an opening plenary with invited speakers, 4 working groups, and a closing summary plenary. The working groups for the 2019 workshop are:

- WG-1:** International Safeguards
- WG-2:** Nuclear Security
- WG-3:** Nonproliferation and Arms Control
- WG-4:** Nuclear Knowledge Retention

Working groups 1, 2, and 3 will have concurrent sessions running throughout the workshop and the chairs of these working groups will provide a summary of the outcomes during the closing plenary. Working group 4 on nuclear knowledge retention will be conducted as a special plenary session for all participants.

In addition to the technical sessions, the program will include an opening reception and a banquet.
