

- Please create poster material in **PDF format**.
- Slide size should be **“Widescreen(16:9)”**.
- **Please submit presentation materials by 18th Nov.**

Institute of Nuclear Materials Management Japan Chapter **Poster Template for Poster Presentation**

Taro Yamada¹, Hanako Tanaka²

(¹ University of Nuclear Material, ² Laboratory of Nuclear Material)

Background/Objective/Aim(1)

- This template shows the basic format of the poster. You may use any fonts/styles as you see fit.[1]

**The following slides are example slides about INMMJ.
You may use them as a reference to make your slides.**

[1] A. B. Example, et, al., "A Paper Which Does Not Actually Exist", Journal of Reference, vol. 190, pp. 254-273, 2019.

Background and Purpose(2)

Institute of Nuclear Materials Management (INMM) = International association consisting of professionals involved in nuclear materials management

- Members include engineers, scientists, technicians, administrators, policy makers, analysts, industrialists, educational workers, students
- Practical usage and R&D of advanced concepts, methodologies, technologies, devices for the management of nuclear materials
- Chapters: United States (6), Japan, United Kingdom, Russia (3), Vienna (Austria), Republic of Korea, Ukraine, Morocco, Nigeria
- 25 INMM student chapters (15 in the US) have been established to promote advancement in scientific and professional skills among undergraduate and graduate students

Methodology

Activities of INMMJ Student Chapter

- Poster presentation in INMMJ Annual Conference
- Nuclear facility visits

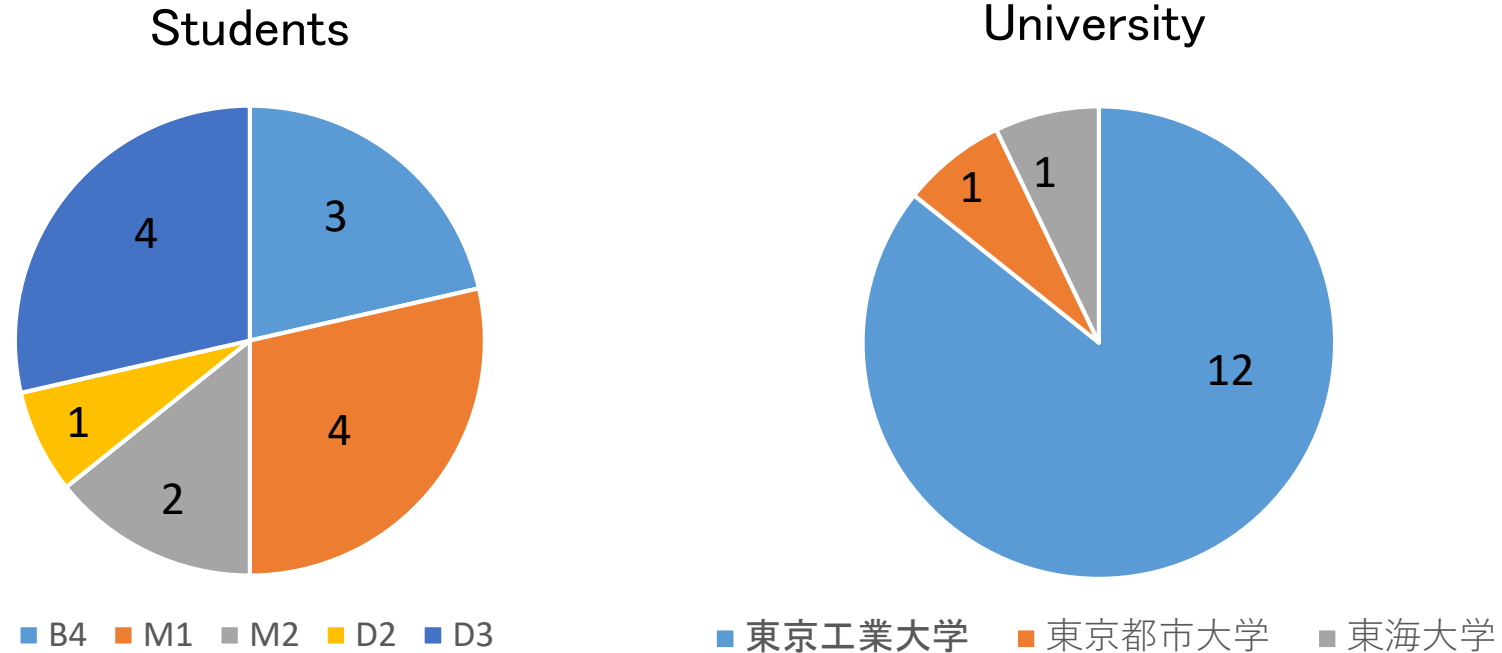

Student division poster presentation[3]

Results and Discussion(1)

2022 Demographic of INMMJ student chapter (14 total)

- Activities involve students from undergraduate to PhD program
- Communication between different universities

Results and Discussions (2)

2022/09/02

Visit to Kashiwazaki-Kariwa Nuclear Power Plant

- 14 participants (2 professors, 12 student members)
- Travel expenses of student members were subsidized
- Questionnaire after the visit showed that
➔ 100% answered 「**It was a great visit**」
「**Very educational**」

Conclusion and Future Work

Community roles of INMMJ student chapter

- ✓ Networking between students, student members and the specialists with students in the center of the focus
- ✓ Support of student's research activity

Future vision

- ① More interesting events will be planned on a trial-and-error basis
- ② Increase the number of student members

Please kindly contact us if you are interested to join our activities!
